

CROWDSTRIKE

We Stop Breaches

Total NYS County ENDPOINT PROTECTION

NYS COUNTIES VULNERABLE TO CURRENT THREATS AT THE ENDPOINT.

- WHY are the bad guys winning vs our counties:
 - Sophisticated Attacks outpacing legacy defenses ie: ransomware, malware etc.
 - Lack of personnel.
 - Extended procurement Cycles.
 - Constant evolution of cyber threats (see: equifax, HBO, Sony).
 - Lack of real time Visibility.
 - Executive buy in.
- THE COMING ELECTIONS IN 2018 ARE UNDER EXTREME CYBER THREAT.
