WHEREAS, the SFY 2024 State Budget proposal would end the Affordable Care Act (ACA) enhanced Federal Medical Assistance Percentage (eFMAP) federal pass-thru to counties and New York City; and

WHEREAS, the State is proposing to keep all these federal savings going forward and use them to cover further expansions of Medicaid eligibility and benefits and to increase payments to health care providers; and

WHEREAS, the elimination of this ACA eFMAP federal pass-thru will require the 57 counties to spend at least \$280 million more in SFY 2024, and approximately \$1 billion when New York City is included; and

WHEREAS, the SFY 2024 costs to counties and New York City are scheduled to grow by 30 percent by SFY 2027; and

WHEREAS, the Chemung County Executive and the Chemung County Legislature agree that congress intended these federal savings to be shared with counties proportional to the amount they contributed toward the nonfederal Medicaid match; and

WHEREAS, since 2003, the state has shared the funds proportionally based on our analysis of savings we have received during periods when an enhanced federal Medicaid match was enacted by Congress; and

WHEREAS, enacted in 2011, the Medicaid statutory cap for all 62 counties is \$7.6 billion. The Medicaid statutory cap for the 57 counties outside of New York City is \$2.25 billion; and

WHEREAS, starting in SFY 2014, New York began sharing these federal ACA savings directly with counties. The savings for a year were provided by lowering the weekly payments each county and NYC make to the state to support the State's Medicaid program. Through February 1, 2023, the state continues to share the federal savings from ACA eFMAP with the 57 counties and NYC; and
