

GOVERNMENTAL & MUNICIPAL SERVICES GROUP

More than ever before, government organizations are managing their operations, resources and services with less money and more restrictive budgets. We understand that government entities, whether state or local, have unique financial requirements and need an accounting firm that understands how they operate. BST offers extensive experience in providing services to governmental agencies and their governing bodies. Our team members also keep up with new regulations and remain active in organizations associated with governmental entities. Specialized services include general, program and single audits for counties, authorities, cities, villages and towns; GASB statement conversions and compliance; system and internal control reviews; and other services related to financial accounting, rates, cost allocation, fraud, employee benefits and bond issuance.

With our unrivaled depth of knowledge serving counties, cities, towns, villages, municipal electric utilities, federal/state departments and agencies, government funds and programs, fire districts, and public authorities, you can be confident in BST's opinions, recommendations and competence.
