About IEM
Public Assistance Overview
Public Assistance (PA) Program

- Provides supplemental Federal disaster grant assistance for the repair, replacement, or restoration of disaster-damaged, publicly owned facilities and the facilities of certain Private Non-Profit (PNP) organizations

- The PA program does not provide assistance to individual homeowners or businesses
Incident Period: January 20, 2020 and continuing

Declaration Date: April 2, 2020

Authorized: Category B – Emergency Protective Measures

Federal Cost Share: 100% Federal Funding anticipated through April 1, 2022
Eligibility Considerations
Eligibility

- Applicant
- Facility
- Work
- Cost

Applicant

Facility

Work

Cost
Categories of Eligible Work

Category B – Emergency Protective Measures

Costs directly related to the COVID-19 public health emergency

Category Z – Management Costs

Administrative costs related to project management for Category B projects; up to 5% of the federal share of combined projects, funded at 100% federal cost share; documentation must be provided to justify how these costs have been spent
Safe Opening and Operations Work Eligible for Public Assistance

- Establishes 100% cost share and policy in effect since beginning of incident period
- Focuses the use of FEMA funding on the highest risk communities and underserved populations
- Applicants must prioritize resources to ensure an equitable pandemic response, which applies to opening and operations work as well as medical care and vaccination sites
Eligible Costs –
Safe Opening and Operations

- Purchase/distribution of cloth face coverings/PPE
- Cleaning and disinfection
- COVID-19 diagnostic testing
- Screening and temperature scanning
- Acquisition and installation of portable temporary physical barriers, such as plexiglass barriers, screens/dividers, and social distancing signage
- Purchase and storage of PPE and other supplies based on projected needs
Eligible Costs – Work Eligible for Public Assistance

- Medical care, purchase and distribution of food, non-congregate medical sheltering
- Operation of Emergency Operations Center to direct and coordinate resources and response activities for COVID-19 declarations
- Communications to disseminate public information
- Mass casualty management
- Purchase and distribution of PPE
- Law enforcement and security
- Training and technical assistance specific to the event
- Reimbursement for force account overtime costs, costs related to hiring temporary employees, and contract labor costs associated with performance of eligible emergency protective measures
- Movement of equipment and supplies, including transportation and storage
- Other work and costs delineated with COVID-19 policies
Medical Care Costs: Vaccinations

- Community vaccination centers, and facility support costs
- PPE, other equipment, and supplies required for storing, handling, distributing/transporting, and administering COVID-19 vaccinations
- Additional staff including medical and support staff consistent with FEMA PA labor policies
- Onsite infection control measures/emergency medical care for vaccination sites
- Resources to support mobile COVID-19 vaccination in remote areas and/or transportation support for individuals with limited mobility or lack of access to transportation
- Federally Qualified Health Centers
- Communications to disseminate public information as necessary
- IT equipment and systems for patient registration and tracking, vaccine-related inventory management, and/or analytics and reporting needs
- Training and technical assistance specific to the proper storage, handling, distribution, and administration of COVID-19 vaccinations
Duplication of Benefits

- Congress has authorized funding to multiple federal agencies to address the effects of the COVID-19 pandemic
- Applicants may have flexibility to determine which source of funding to use for their costs, subject to the purpose and eligibility requirements of each federal program and funding source
- PA funding should not be considered funding of last resort but should be considered concurrently with other federal agency programs and sources
## Procurement Methods

<table>
<thead>
<tr>
<th>Method of Purchase</th>
<th>Aggregate Dollar Amount</th>
<th>Federal Regulations</th>
</tr>
</thead>
</table>
| Micro-Purchase     | Not to exceed $10,000   | ▪ No quotations required if the price is reasonable.  
                     | ($2,000 for construction/Davis-Bacon Act) | ▪ To the extent practical, distribute equally among qualified suppliers. |
| Small Purchase     | Up to $250,000 (Simplified Acquisition Threshold) | ▪ Quotations must be obtained from an adequate number of sources, dictated by state/county policy.  
                     |                                           | ▪ It is recommended to obtain at least three quotations.  
                     |                                           | ▪ No cost or price analysis required. |

Applicants must follow local guidelines if more restrictive than outlined.
## Procurement Methods

<table>
<thead>
<tr>
<th>Method of Purchase</th>
<th>Aggregate Dollar Amount</th>
<th>Federal Regulations</th>
</tr>
</thead>
</table>
| Sealed Bids        | Greater than $250,000   | ▪ Primarily construction projects, firm-fixed price contract.  
                     |                         | ▪ RFP should have evaluation methods for an adequate number of qualified sources. |
| Competitive Proposals | Greater than $250,000 | ▪ Requires formal solicitation, fixed-price or cost-reimbursement contracts, used when sealed bids are not appropriate.  
                       |                         | ▪ Contract should be awarded to responsible firm whose proposal is most advantageous. |
| Sole Source        | Available for procurements of any dollar amount with proper justification | ▪ May be appropriate when specific criteria are met, ex: item is available from only one source, public emergency does not allow time for competitive proposal process, Federal awarding agency authorizes, or after repeated attempts, competition is deemed inadequate. |

Applicants must follow local guidelines if more restrictive than outlined.
## Cost Eligibility and Documentation

<table>
<thead>
<tr>
<th>Type</th>
<th>Generally Eligible If</th>
<th>Documentation</th>
</tr>
</thead>
</table>
| **Force Account Labor**     | - Labor rates are based on pre-disaster labor policy that is uniformly applied; and  
                              | - Overtime costs for budgeted employees                                                                     | - Employee name, job function, title, type of employee |
|                             |                                                                                                           | - Timesheets, description of work performed and activity log  
                              |                                                                                                           | - Proof of payment; pay rate schedules  
                              |                                                                                                           | - Labor policies |
| **Force Account Equipment** | - Purchased and justifiably needed to effectively respond to and/or recover from the incident; or  
                              | - Already owned and used for the incident                                                                    | - Type of equipment  
                              |                                                                                                           | - Size or capacity of equipment  
                              |                                                                                                           | - Location, days, hours worked  
                              |                                                                                                           | - Usage and operator  
                              |                                                                                                           | - Schedule of rates  
                              |                                                                                                           | - Leased agreements  
                              |                                                                                                           | - Invoices/receipts; proof of payment  
                              |                                                                                                           | - Locations and days used  
                              |                                                                                                           | - Hours used (required if lease charges hourly rates)  
                              |                                                                                                           | - Amount of fuel used, if not included in rental cost |
| **Leased Equipment**        | - Applicant performed an analysis of the cost of leasing versus purchasing the equipment; and  
                              | - Total leasing costs do not exceed the cost of purchasing and maintaining equipment during the life of the eligible project |                                                                                  |

COVID-19 Simplified Application Process
PA Modified Delivery Model

Attend Applicant Briefing
• Review or attend briefing provided by DHSES

Register for GrantsPortal
• Portal to:
  • Submit documentation
  • Approve, monitor, and manage projects

Submit Request for Public Assistance
• Once approved, you’ll be ready to submit projects for reimbursement

Submit COVID-19 Project
• Required sections on project application, scope, cost, work status and certifications
• Will need to upload supporting documentation

FEMA/State Review
• FEMA/State conduct through review
• May ask questions through Request for Information (RFI) process

Sign Final Grant
• Applicant reviews and approves

Receive Funding
• Request reimbursement
• No limit to number or potential cost of projects able to submit
Best Practices and Recommendations
Best Practices

- Keep track of other sources of disaster funding to avoid duplication of benefits
- Set regular schedule for submitting reimbursement requests
- Watch GrantsPortal and Streamlined Project Application videos when submitting projects
- Reach out to your recovery contractor for support
Recommendations

- Write notes on receipts and invoices on what the purchase was for and how it is related to the disaster.
- Collect proof of payment with invoice and receipts to assist in closeout.
- Use Excel spreadsheet to track expenses and include columns to document notes on how each expense was related to the disaster and whether proof of payment collected; transfer to FEMA forms when ready to submit.

WORK
FACILITY
APPLICANT
Eligible Applicants

- State governmental agencies
- County governments
- Municipalities, cities, towns, and townships
- Tribal governments
- Special service districts
- School districts
- Certain private non-profit (PNP) organizations
Eligibility

- Applicant
- Facility
- Work
- Cost
Eligibility

- APPLICANT
- FACILITY
- WORK
- COST
Eligible Work

- Must be required as a result of the declared incident (COVID-19)
- Must be located within Designated Disaster Area
- Must be legal responsibility of an eligible Applicant
- Must be done to eliminate or lessen an immediate threat resulting from the declared event
COVID-19 Categories of Eligible Work

Category B – Emergency Protective Measures

Costs directly related to the COVID-19 public health emergency

Category Z – Management Costs

Administrative costs related to project management for Category B projects; up to 5% of the federal share of combined projects, funded at 100% federal cost share; documentation must be provided to justify how these costs have been spent
Eligibility

- APPLICANT
- FACILITY
- WORK
- COST
Eligible Costs

- Must be tied directly to the performance of eligible work
- Must be adequately documented
- Must be reduced by applicable credits, such as insurance and salvage values
- Must not be covered by other Federal agency funding
- Authorized and not prohibited under Federal, State, Territorial, Tribal, or local government laws or regulations
- Consistent with the Applicant’s internal policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the Applicant
- Necessary and reasonable to accomplish the work properly and efficiently
Safe Opening and Operations Work Eligible for Public Assistance

- Establishes 100% cost share and policy in effect since beginning of incident period
- Focuses the use of FEMA funding on the highest risk communities and underserved populations
- Applicants must prioritize resources to ensure an equitable pandemic response, which applies to opening and operations work as well as medical care and vaccination sites
Eligible Costs – Safe Opening and Operations

- Purchase/distribution of cloth face coverings/PPE
- Cleaning and disinfection
- COVID-19 diagnostic testing
- Screening and temperature scanning
- Acquisition and installation of portable temporary physical barriers, such as plexiglass barriers, screens/dividers, and social distancing signage
- Purchase and storage of PPE and other supplies based on projected needs
Eligible Costs – Work Eligible for Public Assistance

- Medical care, purchase and distribution of food, non-congregate medical sheltering
- Operation of Emergency Operations Center to direct and coordinate resources and response activities for COVID-19 declarations
- Communications to disseminate public information
- Mass casualty management
- Purchase and distribution of PPE
- Law enforcement and security
- Training and technical assistance specific to the event
- Reimbursement for force account overtime costs, costs related to hiring temporary employees, and contract labor costs associated with performance of eligible emergency protective measures
- Movement of equipment and supplies, including transportation and storage
- Other work and costs delineated with COVID-19 policies
Medical Care Costs:
Primary Medical Care Facility

- Work must be directly related to the treatment of COVID-19 patients; may include both emergency and inpatient treatment of confirmed or suspected COVID-19 patients
- Purchase, lease, and delivery of specialized medical equipment necessary to respond to COVID-19
- Purchase and delivery of PPE, durable medical equipment, and consumable medical supplies necessary to respond to COVID-19
- Medical waste disposal related to COVID-19
- Certain labor costs associated with medical staff providing treatment to COVID-19 patients
- Increased operating costs for administrative activities (such as medical billing) are not eligible
Medical Care Costs: Temporary/Expanded Medical Facilities

- Facilities may be used to treat COVID-19 patients, non-COVID-19 patients, or both, as necessary. Medical care activities and associated costs related to treating patients in a temporary or expanded facility may be eligible.

- Costs must be reasonable and necessary based on the actual or projected need.
Medical Care Costs: Vaccinations

- Community vaccination centers, and facility support costs
- PPE, other equipment, and supplies required for storing, handling, distributing/transporting, and administering COVID-19 vaccinations
- Additional staff including medical and support staff consistent with FEMA PA labor policies
- Onsite infection control measures/emergency medical care for vaccination sites
- Resources to support mobile COVID-19 vaccination in remote areas and/or transportation support for individuals with limited mobility or lack of access to transportation
- Federally Qualified Health Centers
- Communications to disseminate public information as necessary
- IT equipment and systems for patient registration and tracking, vaccine-related inventory management, and/or analytics and reporting needs
- Training and technical assistance specific to the proper storage, handling, distribution, and administration of COVID-19 vaccinations
Purchase/Distribution of Food

- Purchase and distribution of food is in accordance with COVID-19 specific policy or subsequent updates
  - Must be legal responsibility of eligible applicant

- Work may include:
  - Purchasing, packaging, and/or preparing food, including food commodities, fresh foods, shelf-stable food products, and prepared meals
  - Delivering food, including hot and cold meals, to distribution points and/or individuals when conditions constitute a level of severity that food is not easily accessible for purchase
  - Leasing distribution and storage space, vehicles, and necessary equipment

- FEMA may provide funding for initial 30-day time period, and may request subsequent extensions from Regional Administrator with documentation showing continued need
Emergency Non-Congregate Sheltering

- Eligible applicants may be potentially reimbursed for costs to shelter specific populations at the direction of a public health official, utilizing non-congregate sheltering due to COVID-19
- All uses of NCS are subject to review for eligibility and proper documentation to be included in each Applicant’s project worksheet
- The legally responsible governmental entities for the NCS populations would be the Applicant for the reimbursement of eligible costs.

3. Submit RPA
4. Submit COVID-19 PW
5. FEMA/State Review
6. Sign Final Grant

Step 1: Select Tasks

Step 2: Click Review next to the Project you need to sign
PA Modified Delivery Model

Small Projects ($3,300 - $131,100)
- Written on estimates/actuals if available
- Paid when project is obligated by FEMA
- Submit P4 to DAM as soon as completed

Large Projects (above $131,100)
- Written on estimates/actuals if available
- Paid federal share at % validated completed when project obligated
- Progress payments can be requested
- Submit P4 to DAM as soon as project complete
- Final payment based on actual eligible costs
PA Modified Delivery Model

Attend Applicant Briefing → Register for PA Portal → Submit RPA → Submit COVID-19 PW → FEMA/State Review → Sign Final Grant → Receive Funding

Retention of Records

All Applicants must maintain all records for five years post-grant closeout

Audits

All documents are subject to an audit by the State, FEMA, and the U.S. Department of Homeland Security Office of the Inspector General
Roles and Responsibilities

**Applicant**
- Creates/maintains Organization Profile in Grants Portal (GP)
- Attends Applicant Briefing
- Submits Request for Public Assistance (RPA) in GP
- Completes COVID-19 Streamlined Project Application
- Uploads Project Application in GP
- Provides supporting documentation

**NYS DHSES**
- Activates Organization Profiles in GP
- Conducts Applicant Briefing(s)
- Reviews RPA and makes recommendation
- Administers Grant Awards
- Conducts grant management including reimbursement requests, scope of work changes, time extensions, and closeout

**FEMA**
- Approves RPAs
- Determines Eligibility
- Issues Determination Memos
- Provides funding
