Your Fully Integrated  
Pharmacy Benefit Manager

## WHO WE ARE

ProAct Inc., is a full-service, 100% employee-owned Pharmacy Benefit Management Company combining industry-leading client service with the latest in PBM technology to produce innovative, affordable, and flexible prescription drug benefit solutions.

We do not sell “off-the-shelf” prescription drug plans. Our solutions are custom tailored to meet the contractual, financial, and quality of care needs of each client, including:

- High-touch service model and first-class customer service
- Competitive discounts & fees
- Wholly owned state-of-the-art mail order and specialty pharmacies
- On-site wellness programs
- Quarterly utilization reviews with a dedicated Account Management Team
- Specialty Copay Assistance Program
- On-going member education and targeted member mailings

## WHAT MAKES US DIFFERENT

### 100% Employee-Owned

- Our employee ownership model is a way for our company to remain independent and privately held.

ProAct’s status as an Employee Stock Ownership Plan (ESOP) company directly benefits all of our clients.

Here’s how:

- We don’t answer to Wall Street – Decisions are not made solely based on what will appease analysts and shareholders.
- We cannot be bought or sold – Our clients avoid the hardship of having to go through a merger or an acquisition.
- Unique culture – Being an employee owner and personally sharing in the success of the company keeps our employees tied to what matters most to our clients. It has developed a culture where our best interest is served by serving our clients’ interest at the same time.
