Funding and Program Opportunities

Through the NBRC The Executive Director of the Northern Borders Regional Commission (NBRC) will provide an update of funding and program opportunities available through the federal agency. The recently enacted federal Infrastructure and Jobs Act provided an \$150 million to the commission to support economically stressed Northeastern communities along the Canadian border over a four state region that includes New York, Vermont, New Hampshire and Maine). There are 28 counties in New York included in the NBRC commission territory.

NBRC provides funding through seven streams of grant areas that include water and wastewater; broadband and telecommunications; transportation; alternative energy; forest economy; outdoor recreation; and workforce training. The main thrust of their grant scoring is to help communities otherwise left behind by traditional economic and business incentives.

**NYS Emergency Management
Certification and Training Program**
Town Hall

The NYS Emergency Management Certification and Training (EMC&T) Program supports the State's strategy of creating unified emergency management training for County Chief Executives and other emergency management stakeholders. The NYS Division of Homeland Security and Emergency Services (DHSES) has worked with the local emergency management community to develop standardized curriculum for three tiers of training aimed at: County Chief Executives (Tier 1), County Emergency Managers (Tier 2) and other local public officials within Counties (Tier 3). County Chief Executives and County Emergency Managers must complete the training (to include annual refresher training) for DHSES grant eligibility purposes. The training covers all facets of emergency management, including disaster preparedness, response, and recovery. It also outlines the legal authorities and responsibilities related to emergency management in NYS. DHSES is partnering with NYSAC to deliver this training.

Rescuing Emergency Medical Services: Legislation & Programs to Resuscitate Our Critical Healthcare Infrastructure

Counties across the state have been rapidly developing programs and services to

save emergency ambulatory services. As the staffing crisis continues to worsen for this industry, individuals placing calls to 9-1-1, are finding longer wait times both for transport to emergency care, and for basic life support services. As a result, counties have allocated additional resources to meet this need, bolstering staffing, infrastructure, and providing additional resources to augment the paid and volunteer ambulance services within their community. Join us to learn how one critical piece of legislation in Albany has been introduced to help counties and municipalities respond to this crisis. *(Monday, 3/14, 2:00pm-3:15pm, Town Hall)*

Counties Care: Advancing Equity and Economic Growth by Expanding Access to Childcare, Sponsored by the NYSAC Women's Leadership Council

The pandemic has shed light on how foundational childcare is to our lives and economy. While childcare is now beginning to be understood as a societal and economic issue rather than a women's issue, the pandemic has still disproportionately impacted women, who represented 80% of the workers who left the workforce in September 2020. NYMIR

Insuring your municipality is our top priority

**Insuring our
own futures.**

NYMIR is a licensed, regulated insurer owned by its policyholders - over 900 municipalities across New York State.

For over 27 years, we have built a strong, fiscally responsible company providing property and casualty insurance to counties, cities, towns and villages, both big and small.

Customer service, knowledge of municipal operations, as well as risk management and aggressive claims defense are the cornerstones of the company—not shareholder returns or corporate earnings targets.

One of NYMIR's strengths is reliability. We will not waver from our dedication to support our members with the best coverages, claims handling and risk management services possible.

Our members rely on us for three simple reasons: our conscientious experts are always there for members; we have maintained stability in a volatile insurance market; and we have consistently provided high quality insurance and responsive services that meet the unique needs of New York State's local governments.

Check out our website to see why we're the top ranking insurance program for local government in New York.
